

King County Pesticide Exception Requests- Insecticides

Product	Target Pest	Active ingredient(s)	Tier 1 Hazard Triggers	Requested Site or Use Considerations	Decision
Drummond American Kibosh	Wasps	Malathion	Suspected endocrine disruptor, fish toxicity, high bee toxicity.	To kill wasp nests when they interfere with maintaining electric bus lines and/or endanger public safety at bus stops.	Denied. Alternative products are available. (Decision date: 7/14/00)
Hillyard Quick and Clean, new formula #HIL0104954	Wasps	Tetramethrin, permethrin, piperonyl butoxide	First two ingredients are Tier 2. The last one is a pyrethrin synergist, only available toxicity data shows low mammalian toxicity.	To kill wasp nests when they interfere with maintaining electric bus lines and/or endanger public safety at bus stops.	Approved with the following best management practices: Do not use adjacent to open water or when rain can carry overspray into storm drains or other water bodies. Do not use in flowering trees and shrubs where honeybees may forage or where product will drip on flowering plants. Consider use of commercial venom collectors when possible. (Decision date: 7/14/00)
Hillyard Quick and Clean, new formula #HIL0104955	Wasps	Tetramethrin, 3-phenoxybenzyl (also known as permethrin)	These are Tier 2 ingredients.	To kill wasp nests when they interfere with maintaining electric bus lines and/or endanger public safety at bus stops.	Approved with the following best management practices: Do not use adjacent to open water or when rain can carry overspray into storm drains or other water bodies. Do not use in flowering trees and shrubs where honeybees may forage or where product will drip on flowering plants. Consider use of commercial venom collectors when possible. (Decision date: 7/14/00)
Drummond American Raze	Wasps	d-trans allethrin, n-octyl bicycloheptene dicarboximide, permethrin		Outside spraying of yellow jackets in garbage cans when staff needs to empty them.	Denied. Use on wasps, bees or hornets is not a permitted label use. (Decision date: 7/14/00)
Mantek Dead Eye	Wasps	Permethrin, d-trans allethrin		Outside spraying of yellow jackets in garbage cans when staff needs to empty them.	Denied. Outdoor use on wasps is not a permitted label use. (Decision date: 7/14/00)
